# THE ORIGINAL PIMM'S No.1 (GIN CUP)

The original Pimm's No.1 Cup is a gin based spirit with a fruity flavour, made from a secret recipe infusing gin with a delicate combination of herbal botanicals, caramelised orange and warm spices.

Originally blended by James Pimm as an aid to digesting oysters in 1840, Pimm's went on to be sent to soldiers at the far edges of the Empire, be served at Queen Victoria's lunches and ended up making its debut at Wimbledon in 1971.

You'll still find Pimm's pride of place at Wimbledon as well as many iconic cultural events, after all, Pimm's is the signpost of British summertime!
